HEALTH PROGRAM GAINS WIDER LOCAL SUPPORT

Local support of the proposed new preventive medicine program for Alameda county was increased during the past week when the Newark Chamber of Commerce and the Washington Township Planning Committee endorsed the project. Last week the Women's Auxiliary of the American Legion and the Irvington Improvement Club gave their endorsement.

Representatives of the Citizens Committee for Public Health of Alameda County, which was formed recently of representatives of the rural county area, met Monday at Hayward high school to map plans for promoting the program and to hear Dr. Ellis Sox, of the State Department of Public Health.

Dr. Sox enlarged on previous discussions of the proposed increased budget, explaining the necessity for the various medical officers and assistants listed on the budget.

Plans were made to have the executive committee meet with the county board of supervisors in order to explain the purposes of the committee. Additional members appointed to the executive board were Mrs. Eulalia Tillotson of Hayward, Mrs. T. P. Robb of Castro Valley, L. R. Batman of Niles, Mrs. Wilda Mette of Russell City, and George Betts of the 170th Avenue Improvement Club.

An advisory group, consisting of highly trained physicians and other personnel in the public health, will be appointed by the chairman, Mrs. Flora Haines, to assist the committee.

It was announced that April 7-13 will be national "Know Your Public Health Nurse Week."

Dr. Sox in discussing public health nurses, pointed out that the minimum salary paid them in San Francisco was increased recently. He stated that if competitive salaries and car allowances were paid in this county the situation which now exists, in which there are 10 nurses and seven vacancies, would not be. He also stressed the fact that the increased public health program would provide a continuity for it calls for pre-natal through school care of the child.

Letters are being sent to all service clubs in the area, requesting their endorsement of the health program.

Among the factors cited in favor of the new program are the following:

Thirty-three public health nurses are needed in an adequiate minimum program. At present there are ten. There is one doctor who serves under the present program. Four are needed in an adequate program. A dental hygiene service consisting of one dentist and two assistants is recommended. At present these are none. Six sanitary inspectors are needed. At present there are four. A public health statistician, public health educator, laboratory technician and public health engineer are recommended in a minimum program. These services are not included in the present program.

LOCAL MEN ATTEND HIGHWAY DINNER

Niles was represented by three men at a dinner Wednesday evening in Oakland at which the entire personnel of the California State Highway Commission were guests.

The local men attending were President D. Q. Grabill and Secretary A. J. Petsche of the Niles Chamber of Commerce, and L. R. Batman, Register publisher. The dinner, an informal affair, was given by the Oakland Chamber of Commerce.

The highway commission, for the first time since the outbreak of the war, is now studying highway needs of the bay area. Yesterday the members were taken on a tour of Southern Alameda county.

On Wednesday the commission approved the first major construction job of the Eastshore Freeway, an overpass in Oakland which will cost in excess of a million dollars.

The honor roll, now numbering 147 names, is sponsored by the Newark Fire Department. Washington Township Post No. 195, American Legion, will have charge of the dedication.

The honor roll is a wood plaque, with a plate glass front. On it there is room for 300 names. There will be two names which will be prefixed by gold stars, J. R. Langford and Melvin Garcia, two boys who died in the service of their country.

The dedication program is outlined as follows Master of Ceremonies, Joseph E. Pashote, fire chief; Invocation, Father James McLaughlin; posting of colors, Washington Township Post, American Legion; Star-Spangled Banner played over public address system.

PLANNING BODY WILL LOOK INTO FHA FINANCING

Principal matter of general importance to the township to come before the Washington Township Planning committee at its meeting Tuesday evening at the high school was the fact that a number of areas logically suited for residential development have not been approved for FHA home financing.

This circumstance was brought before the committee by Carl Christensen of Irvington, who pointed out that home construction recently slated for Irvington had been abandoned because of the unavailability of FHA financing.

In the entire township, only certain areas in Niles, Centerville and Newark have been approved by the FHA.

Christensen was appointed by Chairman L. R. Batman to do a fact-finding job for the planning committee to determine if FHA approval can be obtained for the township as a whole and the steps necessary to obtain it.

E. A. Quaresma and S. G. Scott, who comprised a sub-committee to draft a constitution for the planning body, which to date has operated informally, proposed a constitution which was accepted. Under its permanent set-up, the planning committee will consist of two delegates to represent each chamber of commerce, service club and civic organizations in the township. Dues of each member organization are set at $10 per year.

Edward M. Enos of Niles told the committee of the possibility of government funds being made available for financing a survey of the general sewage situation of the township.

Enos, with others interested, has been seeking sewage connections for the area west of Niles, pointed to the future severity of sewage disposal as a township-wide problem. He was appointed by the chairman to investigate possibilities of making a township survey.

Mrs. S. G. Scott of Newark, a member of the executive board of the Citizens Committee for Public Health, which is proposing an entirely new preventative medicine program for the county, told the committee of the advantages of the new program.

The committee voted unanimously to endorse the program.

It was announced at Tuesday's meeting that two township groups already had officially joined the planning committee the Irvington Improvement Club, which is represented by Tony Alameda and Carl Christensen; and the Newark Chamber of Commerce, which is represented by its president, Dick Jolly, and its secretary, Ray Alberts.

HUSKIE CAGERS TAKE IT ON CHIN

By WAYNE DAVIS

The Washington High School basketball teams suffered two defeats at the hands of Lincoln High School at the Santa Clara gym Friday afternoon, February 15.

The Washington varsity lost 45-17, while the Washington 130's were dumped 26-22.

This victory was the twentieth consecutive win for Lincoln.

Myers, Weaver and Crompton led the victors with 12, 11 and 8 points, respectively. Nakamura led the losers with 5 points.

Washington again was trounced by Lincoln High in a 2-game series played at the Washington High gym on February 19.

The Lincoln varsity won by the score of 52-16, while the Lincoln 130's nosed out the Washington 130's 22-20.

It was Lincoln all the way in the varsity game while Washington couldn't seem to find the range of the basket.

The Lincoln 130's, however, found it difficult in securing a victory. Only until the last few seconds did Lincoln have the advantage when they were given a couple of free throws, which in a sense, won the game.

ANONYMOUS DONOR WILL PAY HALF OF ORGAN COST

It looks as though a pipe organ for the Niles Congregational Church may be more than a dream, if things keep moving with the rapidity with which they have been moving in the past couple of weeks. First Mrs. May Walpert warmed the hearts of the members and congregation by sending in a check for $500 to be used for the purchase of an organ.

And following that, a person who wishes to remain anonymous at the present time, has offered to pay for half the cost of the organ, with the stipulation that the organ be made available to children in the community who may wish to take organ lessons and practice.

Now that the money is at hand, the only drawback seems to be that pipe organs have not, of course, been made during the war and it may be several months before one can be bought.

FULTON LEWIS, JR. SPEAKS AT SAN JOSE

Fulton Lewis Jr., America's ace reporter on national affairs, arrives in person in San Jose on Friday evening, March 8, for a lecture in the auditorium on "Democracy with a Gun in her Ribs." Different members of the club will be hostesses in their own homes to several guests, and at the conclusion of the evening, the hostesses will telephone in the highest score in her group, which is compared with high scores of players in other homes.

FOUR HOLDUP MEN LOOT DECOTO CAFE

Five persons in the Loma Linda Cafe in Decoto were forced to lie on the floor Monday night by four holdup men who ransacked the safe, cash register and the women's purses, obtaining over $170.

One man of the quartet who held a gun acted as spokesman, ordering the victims to lie on the floor, face down. A description of two of the men was furnished the sheriff's office and a search is being conducted for them, Richard Condon reported.

Deputies J. W. Welch and W. C. Manrow found the victims, Joe and Lupe Valenzuela of Decoto, and Cora Valenzuela, 631 State Highway, Decoto, Harlan C. Coyne, 35, 596 A Street, and Juanita T. Peterson, 26, 581 Seventh Street, locked in the cafe at 11 p.m.

They reported that 15 minutes earlier they had been held up. Before the men left they jerked the telephone wires from the wall and took all keys.

Money was taken from Coyne's wallet and Lupe Valenzuela's purse in addition to the cash register and the safe.

NILES WILL MAKE HEADLINES IN COAST MAGAZINE

Niles is due shortly for coast-wise publicity in the pages of the magazine, "Architect and Engineer," according to an announcement made at Tuesday's luncheon meeting of the Niles Chamber of Commerce by C. W. Kraft.

Subject of an article which Kraft has written for the publication is the architectural redesigning of Main Street, a Chamber of Commerce project being worked on by Architect Irwin Johnson of Oakland.

Drawings of three business blocks have been completed and one of these, together with photographs of present building fronts, will illustrate the article. None of the drawings has been available for public display as yet, pending completion by Johnson of the entire project.

Kraft's magazine article will trace the "face-lifting" plan from its inception, when it was decided by the Niles Chamber of Commerce that if post-war improvements to business buildings sould be co-ordinated and harmonized, Main Street could be made into a planned and architecturally attractive business street.

Some of the business blocks were found by Architect Johnson to contain buildings that were definitely in key with a Spanish theme. He decided to use these buildings as anchors for designing the outmoded areas in between. Thus the "charm of age" will not be lost. There is no major accent on "super streamlined modernity" because this type of architecture is deemed inappropriate for Niles, which has a tradition that goes back to the days when Mexican vaqueros rode the ranges of the Southern Alameda county hills.

NEWS from Walt & Ed

We were reading the other day where some professor in some eastern college said, "People live in cycles; for so many days they are cheerful and easy to please, then for so many days they are crabby and not even their better-halves can please them."

Well, when people come to see us and are hard to please, we know they are on their down cycle and we just try to be nice. Of course they will soon be back on their up cycle.

We have five used, like new, 6-ply General tires, size 550x19. So if you need 'em and are on your up cycle, come in.

Come see us sometime.

P. S. We have arranged so one of us has his up cycle while the other has his down cycle.

Thinking Things Over . . .

By VIVIAN BATMAN

Will the person who bought my pie at the recent Niles P.T.A. food sale mind returning the pie plate? I know how you feel about it—"Well, I've got to get something out of this deal." But you can see that I need more practice, and how can I practice without a pie plate? If you have been suffering acute abdominal pains, I am deeply sympathetic with you. Perhaps—instead of those tree-shaped little vents I cut into the top crust—I should have spelled out "You eat this pie at your own risk."

Any minute now, bad luck will befall me. This is a terrible thing hanging over my head.

You see, I received a chain letter. It begins, "The 'Luck of London' was sent to me. I am sending it on to you. It was started by an army officer in London. Those who break this chain will have bad luck."

But, according to the letter, four copies of this letter must be in the mail 24 hours after receiving it.

That's where I hit a snag. The 24 hours slipped by without my being aware of it. Now I am doomed. And just think!—It says that Gracie Allen won $50,000 after receiving it!

What I couldn't do with $50,000!

Use certain adjectives and you can sell anything. Take apple pie, for instance. If you are in a restaurant and you see apple pie on the menu, your desire for it is neither ravenous nor uncontrolable. But put the word GREEN in front of it—ah, you can't resist it!

I remember travelling through the state of Washington once. Every five or ten miles there'd be a little restaurant or road-house with a big sign, "We serve green apple pies."

If it had just said "apple pie" I would undoubtedly have ignored it. But the word "green" got me. Green apple pie, m'm'm'm. I had to have one. Much to my amazement, it was no different from hundreds of other apple pies I'd tasted (I sound like a glutton, don't I?).

Peas affect me the same way If I see just "peas" on a menu, I can take them or leave them alone. But put the words "FRESH GARDEN peas" on a menu, and I suddenly know that I can't live another minute longer without those peas.

And the world "wild" puts me in a frenzy. I can be very coolish towards biscuits and strawberry jelly. But just show me biscuits with WILD strawberry jelly—no, please don't, because I'm on a diet this week. As a matter of fact, cultivated strawberries, in my opinion, have more flavor than the wild ones, but there is something about the word "wild"—

And butter! Of course, the mere mention of the word butter starts tears coming to my eyes, but prefix it with the words "FRESH COUNTRY" and I am prostrate with longing.

And the words "Virginia baked" do very queer things to me. Baked ham is all right I suppose. But "Virginia-baked" — that's another matter. Who could pass it by?—even though in reality it may be no different from ordinary baked ham.

Its war job accomplished, the Petroleum Industry War Council, the oil industry's advisory group to the Petroleum Administration for War, wound up its affairs and dissolved in mid-December, 1945.

How to Use Meat to Make Breakfasts Hearty

Cold days call for hearty breakfasts, and one of the best ways I've found to make a breakfast substantial is to include some meat in the menu. Here are some favorite winter breakfasts that will also make a special hit for Sunday brunch.

COLD MORNING SPECIAL
Tomato Juice with Lemon Wedge
Hot Apple Pancakes Rolled Around Sausage Links
Warmed Syrup Coffee or Cocoa

APPLE PANCAKES—To 2 cups of prepared pancake flour, add 2 eggs and 1½ cups milk beaten together. Blend well. Stir in 1 cup finely chopped apples and 2 tablespoons melted shortening. Drop by tablespoonfuls onto greased griddle or frying pan. Bake until bubbles break; turn and bake until golden brown. Wrap each pancake around a well-cooked sausage link. Serve hot with warmed syrup. Serves 6.

WAKE UP TO THIS!
Spiced Applesauce with Raisins
Sauteed Kidneys with Mashed Potato Cakes
Buttered Toast
Coffee or Milk

SAUTEED KIDNEYS—Skin, split in half lengthwise, and remove white tubes and tissues from 6 to 12 veal or lamb kidneys. Wash thoroughly. Cut into thin slices and cover with flour, salt and pepper. Saute in drippings about 3 minutes or until browned. Add 1 cup hot water and cook about 5 minutes, or until thickened, stirring constantly. Serve hot. Serves 6.

START THE DAY RIGHT!
Baked Winter Pears
Broiled Lamb Chops and Hashed Brown Potatoes
Toasted English Muffin
Coffee or Milk

HASHED BROWN POTATOES—Melt 3 tablespoons shortening in a heavy frying pan; add 3 cups chopped or finely cut cooked potatoes, heaping them toward the center and away from the edges of the pan; season to taste. Cover with a lid or heavy plate; press down so that cover is right on top of the potatoes. Place a box of salt or rock on top to give pressure. Cook slowly and without turning for 15 to 20 minutes, or until crusty brown. Turn out onto a warm plate. Cut into 4 or 6 pie-shaped wedges to serve.

HELP HURRY PEACETIME GOODS!

The end of the war did not stop the need for turning in waste fats. Many important products—nylons, tires, soaps and elastic, to name but a few—require the use of scarce industrial fats and oils in their manufacture. Safeway meat sections continue to pay four cents per pound for the waste fats you bring in.

Prices in this Ad are effective Wed., Thur. and Sat., Feb. 20—21—23, in San Francisco, Oakland, Alameda, Berkeley, Hayward, Richmond and other cities and towns in San Mateo, Alameda, and Contra Costa Counties, unless changes are required as a result of new OPA regulations.

Six Months After

Six months have passed since that day last August when at four o'clock in the afternoon Pacific time a breathless Nation got the biggest news story of the century—the war was over.

In checking on our progress in those six months it appears that instead of going forward, we apparently have been going backward. On August 14, 1945, it was possible for a man to buy a suit or a shirt without too much of a struggle. Now, with or without a struggle, both items are virtually unobtainable.

Six months ago women could buy hosiery, such as it was. Now stockings of any kind are difficult to find. At the end of hostilities housing was tight. Now it is tighter.

On V-J Day the Nation's industrial machine was working very close to full capacity. Now it is trying to recover from the most paralyzing series of strikes in history.

These industrial convulsions were not unexpected but they did not have to occur. A more reasonable attitude both on the part of unions and employers, together with less inept handling of the labor situation by the Government would have gone far toward avoiding major walkouts. And a more sensible attitude in the handling of price control would have helped make scarce items considerably less scarce.

So, in the past six months we have not made the progress toward reconversion that we had hoped for last August. America's urgent need is for labor and management to bicker less and produce more, and for Government to use price control to support rather than suppress production. If this is done our next six months will be vastly different—and better.

Overseas Marriages

Mrs. Eleanor Roosevelt has expressed her disapproval not only of any marriages beteen American boys and German girls, but between our soldiers and girls of Britain, France and other friendly countries.

Said Mrs. Roosevelt, "Hundreds of marriages with foreign girls have broken up because they were based on the loneliness of soldiers instead of on true love."

Recently a group of British women whose soldier husbands have returned to America and plan to divorce them appealed to the former First Lady for help in preventing these divorces.

We must agree with Mrs. Roosevelt that if all marriages were barred there wouldn't be any unfortunate ones. But we have already found that human emotions can't be governed by rules and regulations.

When our troops first went into Germany the non-fraternization rule was to be strictly enforced. It wasn't long before it had to be dropped.

So it would be with a ban on marriages, especially in friendly countries. It would be circumvented in one way or another and would produce conditions more undesirable than those which have arisen.

It is too bad that some of the wartime marriages have not survived. But a lot of them have proved very successful.

Come to think of it many peacetime marriages right here at home don't pan out so well either.

Sportsmen's News

The California Division of Fish and Game recently made an aerial antelope estimate in southern Lassen county and on the Alturas and Surprise Valley ranges.

A total of 1,736 antelope were counted in the area covered in southern Lassen county. In the vicinity of Alturas, 686 were found and 245 were counted due east of Cedarville on the California-Nevada line.

California will receive $124,402.92 from the United States government for Federal Aid in Wildlife for the fiscal year beginning July 1, 1946.

The state will add $40,000 to this amount, or 25 per cent of the total to be used in restroation.

A total of $3,000,000 has been set aside by Congress for restoration and apportionments are made to states based on area and license sales. California ranks third in amount being received, Michigan and Texas being the only states receiving a large appropriation.

Angling license sales receipts in 1945 went over the $1,000,000 mark for the first time in history, according to H. R. Dunbar, chief of the Bureau of Licenses.

Dunbar said that the bureau had not received reports yet on all sales in 1945 but said the sales may even reach the $1,100,000 mark. The previous high sales for a single season was in 1941 when the receipts were $933,586. Sales in 1944 were $889,349.

The report also showed an increase of $150,000 in the sale of hunting licenses and $37,000 more received in deer tag sales than in the previous year. The 1945 figure in hunting licenses stood at $751,983 compared to $607,741 the year before. Reer tag sales were $215,550 compared to $177,031 in 1944.

The previous high for hunting license receipts were in 1941 when $657,093 was taken in. The 1944 deer tag sales was the high for a single season until last year.

The bureau chief also announced that all license accounts were being transferred to branch offices this year for closer contact with individual sales agencies. Five cities will serve their respective areas: Los Angeles, southern counties; San Francisco, costal counties; Fresno, San Joaquin Valley; Sacramento, Sacramento Valley; and Redding, northern counties.

During the past six years, the use of lemons as a remedy for colds increased 152 per cent, according to the California Fruit Growers Exchange.

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

It is very nice hearing sometimes from our former Missionites so here is a few bits of information for our readers. It concerns Mrs. Cassie Witherly and her family. They lived for many years here at Linda Vista Park and are now making their home in San Francisco. The first and most important news was the marriage on January 19 at Reno, Nevada, of Edward George Witherly and Miss Margaret Dolores McCarthy. They are living at present with his sister, June, as the apartment situation is just nil. Another son, Dexter, just discharged from the Air Corps where he served many months in the European theater, and his wife have moved to Guerneyville to live and be in the real estate business. Her youngest son, Richard, has re-enlisted in the air corps for a year. He has been home on a three-month furlough. He still plans college after his enlistment is up. And now Cassie. She is a member of the V.F.W. Ladies Auxiliary and keeps very busy with her visits to the hospitals to dish out good cheer to our wounded vets.

Mrs. Helen May Russell of the Mission is now employed at the Ed Haynes Cleaners in Irvington. She is the daughter of Mrs. Lana Griffin.

Mr. and Mrs. Thomas C. Santos and daughter, Diane, motored to Sacramento over the week-end where they visited Diane's grandfather, Harley Justus, and wife, Ruth. They also spent some time at the home of Mrs. Madge Rogers and son, "Speed," where they met a former fellow worker of Tom's. Carl Sundby. He was employed at Miller's Automotive Suply in Sacramento when Santos worked there.

Joseph F. Borge who has been working at the Dominican Convent since his recovery from a major operation, fell from one of the ladders at the grounds last week and hurt his foot very badly. He landed upright and saved himself from other injuries, but broke some bones in his foot. He is around on crutches at present.

The family car of the Thomas McGowans met with what could have been a very serious accident, had it not been for the quick thinking of the driver, one of the McGowan sons. As it was the car was a complete wreck, but the occupants got out without more than jangled nerves. They tried to take a train on the tracks at Irvington, but changed their minds and only sideswiped it which they found out was very destructive too.

Manuel Cemas, who has been very ill, was at the hospital again in San Francisco this past week where he received a blood transfusion from his brother, Tom.

Friends of Mrs. Mary Julia Pierce met on Tuesday morning at St. Joseph's Church to pay their last respects to a grand little old lady. Mrs. Pierce passed away at the home of her sister in Centerville following a lingering illness of many years. She was in her seventieth year and was born in Fayal, Azores, coming to the United States some fifty years ago. She has made her home here in Mission San Jose for more than twenty years. The past year or so she had spent with her son, Joseph, in Centerville, but recently, due to his wife's serious illness and the necessity to be away in Hot Springs, Arkansas, with her, Mrs. Pierce had resided with her sister. She has a host of friends, relatives and neeighbors who will mourn her passing. She was intered in the Mission Cemetery. Rev. John Leal delivered the message.

Your reporter jumped the gun last week and falsified a bit, but not intentionally, for she was just INFORMED and did not investigate. But here is the official dope.

Holy communion was held Sunday, February 17, at St. Joseph's Church with Reverend John Leal administrating. This was a very special occasion as 44 of our returned vets of Army, Navy and Marine Corps in uniform attended in a body and received the sacraments. Following the services, the boys met at I.D.E.S. Hall where pictures were taken. A wonderful barbecue was served at noon and after the feast, dancing finished out the day.

Our Army boys were: Eddie Ferreira, the three Galvin brothers, Norbert Brown, Frank Brown, Manuel Silva, Gabriel Pine, Clarence Amaral, Mervin Santos, Edwin Freitas, Eddie Thomas, David Escobar, David Souza, Henry Kempton, Joseph Azevada, Theodore Garcia, Leonard Rogers (his brother, Tony, confined at San Francisco Hospital, could not attend), Joseph Souza, Hardy Burt, Lloyd Amaral, Henry Silva, Melvin Souza, Leland Steinmetz, Leslie Callahan, Lorry and Frankie Rogers and their uncle, Eddie Rogers, Frank and Joe Reis, and Louis Souza.

U. S. Navy—Julian and Gulbert Mora, Alvin Santos, George Rodrigues, Lt. John Howe, Ensign Buddy Amaral, Chief Petty Officer Ernest Frei, John Souza, Clarence Telles and Eddie Azevedo.

U. S. Marines—Elmo Andrade, Leroy Costa and Andrew Costa.

There were a few of our boys unable to attend and some are still out there. Chief SK Clifford E. Rogers, who was our first enlistee with nearly six years to his credit (and our newest and latest papa), William Santos, Raymond Garcia, Leonard Ferreira, Bert Justus, Albert Harvey, Melvyn Callahan, and Mervin Telles, U. S. Army; Herbert Santos and Edwin McNemar, U. S. Navy, and Danny Silva, Marine, are still serving. If your correspondent has missed any one I'm sorry for I do not have a complete list.

This was a very special treat for Rev. Leal as he had baptised most of these young men many years ago.

Louis Souza and Alvin Santos, Army and Navy vets, expect to go to Willets very soon to join Frank "Sam" Pereira. They are going to be employed by the P. G. & E. there with Pereira.

James Bramwell, who has been ill for some time, has taken a sudden turn for the worse and the doctor advised his family to send for his daughters in Southern California.

Mervin Telles, U. S. Army Camp Beale, spent the week-end here at the home of his wife, Mrs. Irene Telles, and with his mother, Mrs. Rose Telles and family of the Mission.

Mrs. Irene Silva Roberts and two of her three children, arrived from the south to visit with her former school chum, Mrs. Myrtle Buck and family. She also spent some time with her grandfather, Frank Silva, and will leave her children with her mother at Oakland while she goes to Virginia to join her husband who is in the U. S. Navy.

Baby Richard Silva and his daddy, Clarence Silva, celebrated their birthdays on the 13th and 14th of February. Very nearly twin birthdays.

Mr. and Mrs. John Huddelson, who formerly lived with the Davidsons, is now staying at the F. J. Castro residence as the Davidsons have moved to an Army housing project in Richmond.

"Your Grandma asked for PEARL OIL too!"

Grandma will tell you that Pearl Oil was a kerosene leader in her day—just as it is now. It doesn't give off smoke, soot or gases that might smell up rooms. It gives more heat with bright steady flame that won't creep up to scorch pies, cakes. And Pearl Oil is *pure*—it all burns—no waste! Use it in all your kerosene appliances.

FIRST RULE of successful milking is that the cow should like the milker—both man and machine. Second rule, and just as important: *There should be no distractions in the barn at milking time.* Distractions interfere with the natural "letting down" of the cow's milk.

Make milking time a quiet time for your herd. And if you have a McCormick - Deering Milker, check it regularly to see that it is operating properly. If you need a new milker, ask us about the availability of new machines. Ask us, too, about International Milk Coolers.

300 Present at Azevedo-Bond Reception

Over 300 guests gathered at the Country Club house in Centerville to toast the former Isabel Azevedo and her bridegroom, John Henry Bond, who were married last Sunday at the Holy Ghost Church in Centerville.

The ceremony was performed at two o'clock by Father O'Kane, against a setting of spring blossoms, and with soft strains of organ music played by Mrs. Velma Lewis, who also accompanied little Miss Rosemary Trinidad, singing "Ave Maria."

The bride was lovely in a white marquisette gown, with ruffled skirt and with dropped shoulders on the bodice, banded with a ruffle. Ruffles at the wrist of the long sleeves fell softly over her hands in which she carried a bouquet of white camellias surrounding an off-white orchid. She wore a long, misty train, trimmed in white lace. She was given in marriage by her brother, Manuel Azevedo of Newark.

Miss Mary Azevedo, the bride's sister, was maid of honor and wore a powder-blue marquisette frock, with a bonnet-shaped hat of the same color. She carried a bouquet of pink camellias.

Serving as best man was Rob Johnson of Oakland, and Ralph Brown of Newark and Joe Dutra of Alvarado were ushers.

Following the reception, the newlyweds left for an undisclosed destination in the southern part of the state.

The new Mrs. Bond, a daughter of Mrs. Clara Leonardo of Newark, is a graduate of Washington Union High School. Her husband, whose parents, Mr. and Mrs. John Bond of Seattle, were unable to be present at the wedding, attended the Seattle schools and served for four years in the Navy.

Future plans of the couple have not been definitely decided upon.

The bridegroom-to-be is the son of Mr. and Mrs. Joseph Cortez of Decoto and was recently discharged from the service after 31 months overseas duty. He holds the Silver Star, the Purple Heart and the Oak Leaf Cluster. Standing up with him as best man will be Ray Corchero. Ushers are Frank Paniagua and Metro Rebeijo.

Miss Gloria Furtado will act as her sister's maid of honor, with Miss Barbara Furtado and Mrs. Jessie Rebeijo as bridesmaids.

Following the three o'clock ceremony, a reception will be held at the Country Club House in Centerville.

Many friends attended the double ring ceremony that united Dorothy Anne Freitas and Jack F. Misener Saturday evening, February 16, at 6:30 o'clock at St. Joseph's Catholic Church in Mission San Jose. Rev. John Leal officiated.

The bride, escorted down the aisle by her father, Leonard R. Freitas of Irvington, wore a long trained mahquisette gown with satin bodice, round neckline with marquisette yoke trimmed with sequins and silver beads. The sleeves were puffed at the shoulders and came to a point at the wrist. Her finger-tip length tulle veil was edged with applique lace flowers and held in place with a beaded pearl coronet crown

The bride carried a fan-shaped bouquet of tulle, with bouvardias, centered with a white orchid with bouvardia streamers.

Miss Lorraine Garcia, maid of honor, wore a pink marquisette frock with a heart-shaped neckline and long sleeves and a large blue ribbon bow under the full skirt. Her hat was of blue tulle trimmed with pink satin. She carried a fan-shaped bouquet of blue tulle with pink carnations and blue satin streamers.

The bridesmaid, Miss Mabel Enos, cousin of the bride, was attired in an all pink marquisette which duplicated the frock of the maid of honor. Her hat was of pink tulle, trimmed with blue satin, and her bouquet was of fan-shaped pink tulle and carnations and pink satin streamers.

The little flower girl, Joan Brown, daughter of Mr. and Mrs. Jos. Brown of Oakland, wore a blue marquisette frock with drop shoulder-line trimmed in pink waxed forget-me-nots, and her headdress was a blue bonnet edged with pink waxed forget-me-nots. She carried a French bouquet of pink tulle and pink carnations.

Mervin Marshall of Niles, cousin of the bride, served as best man, and Lloyd Amaral served as usher.

Decorations were by Theresa and Frances McNamara of the McTwin Floral Shop of Willow Glen. Pictures were taken immediately after the ceremony at the parish house by "Bud" Stinhilver of Centerville.

Mr. Misener is the son of Mr. and Mrs. Floyd Misener of Portland, Oregon, who were unable to attend the wedding.

HUSBANDS ENJOY EVENING STAGED BY DRAMA CLUB

Once a year, the members of the Drama Section of the Country Club allow their husbands to come in and join the fun. Last Saturday night the husbands came, and had such a good time that they wouldn't mind at all if they were included more often.

The affair was held at the P.G. & E. clubhouse and was in the nature of a pot-luck supper. Unlike many pot-luck suppers, where there seems to be a superabundance of one dish and a total absence of another, this pot-luck supper was well-balanced and the food was said by the husbands to be extra-special.

After supper, a program was staged. Perhaps the highlight of the program was the act put on by Mr. and Mrs. Allan Walton which rolled them in the aisles.

Mr. and Mrs. Frank Katzer did some fine dancing, as did Mrs. Allan Hirsch who did a Mexican Hat dance.

'CATERPILLAR' DIESELS"

"It'll be a happy day for us when that new 'Caterpillar' D6 we have on order is landed on our ranch.

We never have had a breakdown in the field with our 'Caterpillar' Diesel Thirty-Five (10 years old) or our D4 (3 years old), and even through the war we've always gotten parts and service from our 'Caterpillar' Dealer.

It makes sense for us to wait until we can get 'Caterpillar' Diesels—the best."

THE NEWS IN NEWARK

BY LOUISE CHAPMAN

Richard V. Sarmento, RM 1/c, son of Mr. and Mrs. Victor Sarmento, was discharged from Camp Shoemaker last week. He entered the Navy in December, 1942, and served as a radio instructor for 15 months in Idaho. The balance of his enlistment was spent in the Pacific on an APA boat. Richard has a great number of friends withing the township who are glad to see him home again.

The residents of Newark are proud of their young citizen, Louis Milani, a sophomore at the Washington Union High School, for he was one of three students chosen to compete in the finals of the Lions Club oratorical contest. The winner of this contest is to be chosen on February 26 at the next Lions Club meeting.

On Valentine's Day, Mrs. R. M. Chapman entertained Mrs. Elmer Lewis and Mrs. Monte Florence, who, with their baby daughters, called upon her to spend the day. A mid-afternoon snack was enjoyed with the table set in honor of Valentine's Day. Hearts and arrows adorned the table cloth in true Valentine fashion.

Mrs. Sophie Gwerder returned home from the hospital after spending a week recovering from pneumonia. She's left for a ranch in Cloverdale where she will rest for awhile and visit her friends in that area. Her husband reports that she will be gone for a week but truthfully believes she will return before that for she is anxious to get back to her many friends in Newark who miss her.

The Newark Chamber of Commerce held their monthly meeting last Monday night. The election of officers for the coming year was held with the following members being chosen: R. A. Jolly, president; A. W. Cotton, vice-president; R. A. Alberts, secretary, and Joseph Pashote, treasurer. The following were selected for the board of directors: Frank Veit, J. R. Truscott, Henry Lewis and J. J. Bolyard. The auditing committee for the year is to be composed of P. Gygax, K. Foster and G. B. Cotton. The members also chose Jolly and Alberts to represent the Newark Chamber of Commerce on the Washington Township Planning Commission.

Yesterday afternoon (Thursday) Mrs. R. M. Chapman and Mrs. George Bettencourt and her little daughter, Rosemarie, attended a baby shower for Mrs. Harvey Parrish in Oakland. Mrs. Chapman's and Mrs. Bettencourt's sister, Mrs. Antone Rodrigues, attended the shower with them. Mrs. Parrish is an old friend and it was very pleasing to see the lovely gifts that she received.

Reports have it that James Carskaddon suffered only minor injuries when his car failed to stop recently and struck a freight train near Hayward. Carskaddon is the local Boy Scout leader and his troop will be glad to see and know that he did not suffer serious injury.
